TriMas Corporation Announces Bolt-On Acquisition in Energy Business

Company Continues to Expand Global Footprint and Product Portfolio in Europe

BLOOMFIELD HILLS, Mich.--(BUSINESS WIRE)-- TriMas Corporation (NASDAQ: TRS) — a diversified global manufacturer of engineered and applied products — announced today its Lamons energy business has expanded its manufacturing capability and product portfolio in Europe with the acquisition of Wulfrun Specialised Fasteners Limited for approximately \$9.6 million. The purchase price is subject to a net working capital adjustment as of the closing date. The transaction closed on March 26, 2013.

With operations in the United Kingdom, Wulfrun is a manufacturer and distributor of specialty bolting and CNC machined components for use in critical oil and gas, pipeline and power generation applications. Wulfrun Specialised Fasteners Limited generated approximately \$10.0 million in revenue for the 12 months ended December 31, 2012.

"This new acquisition enhances our capabilities throughout Europe," said Kurt Allen, president of Lamons. "The ability to provide specialty bolts to new and existing customers through our current network of branches, offer specialty bolts to our distribution customers who currently purchase them elsewhere, plus the ability to supply gaskets to existing Wulfrun customers provides Lamons with additional growth opportunities throughout Europe."

About TriMas
